WOULD NUMBER ALL LOTS.

Commissioners Send Bill to Congress for Land Reform.

A bill providing for the designation by number or every parcel of land in the District was sent to Congress yesterday by the commissioners. The estimated cost of carrying out the bill would be \$10,000.

The commissioners declare that when the city was first laid out it was divided into numbered lots. These lots were too large to build upon, however, and were subdivided, through deeds, into parcels without distinctive numbers. The confusion caused in the keeping of records in such cases, the commissioners say, has resulted in the cancellation of many proposed deals.

The resolutions state that the aerie favors a referendum.

Attention is called to the fact that the Sheppard bill was reported without committee hearings "under the boast of the Anti-Saloon League that the bill had been put through when all those opposed to it were caught napping."
